- Provide global reach and access to local knowledge at market rates;
- Offer coordinated service across jurisdictions;
- Make client service a priority.

In Canada, we have you covered.

Meritas has over 500 lawyers in 11 firms across Canada providing clients with a local legal partner in each jurisdiction. Most, if not all, of the day-to-day

operations of any business in Canada are subject to provincial laws and regulations. Meritas has member firms in every province in Canada including representation in all major centres across the country.

Coordination between and among all of the Meritas firms in Canada is a key element to the efficient delivery of legal services throughout the country. The combined total number of Canadian Meritas lawyers practising in core legal disciplines is comparable to, or exceeds the average for national law firms.

Such representation is unique in the Canadian legal marketplace. It is the fully national representation and collaborative approach which displays the Meritas advantage.
